6 credits of Research and/or Evaluation Internships must be taken. Internships are in variable credit blocks and may be repeated.

EXCEPTIONAL LEARNERS MULTI-CULTURAL EDUCATION POLICY:

Doctoral students are expected to have the knowledge and skills necessary to meet the educational needs of exceptional learners. If doctoral student do not have this knowledge, they are required to take one or more of the graduate classes listed on the Exceptional Learns Multicultural Education Policy. Students will be individually advised to take those classes that are most appropriate for their particular program. Each department and program determine if additional work is needed and how many courses or credit hours are required. A description of acceptable available courses may be obtained from advisors. (EDUC 7500/SPED 6500).

DISSERTATION (12 credits)
